

The Paducah Evening Sun.

VOL. XXVII. NO. 105.

PADUCAH, KY., TUESDAY EVENING, MAY, 3 1910.

TEN CENTS PER WEEK

KING OF ENGLAND WILL ENTERTAIN THE ROOSEVELTS

Story to Contrary is Without Foundation--In Copenhagen.

Another \$50,000 Aviation Prize.

ATROCITIES IN ALBANIAN WAR.

London, May 3.—Lord Knollys, King Edward's private secretary, today emphatically denied the report that the king is seeking an excuse not to receive Roosevelt personally when he visits London next month. The story, starting Saturday night, is commented on freely in political circles since, based on Edward's objection of his fear that Roosevelt is creating a tremendous sentiment in favor of republican government. "The king will meet Roosevelt," Knollys said, "either at luncheon or at a dinner in the colonel's honor. The exact nature is undecided. The king looks forward with the greatest pleasure to the meeting and entertaining Roosevelt."

Roosevelts at Copenhagen.

Copenhagen, May 3.—The Roosevelts are here today with an easy program. They visited one of the famous "Model Dairy Farms," the Høvedsbo, where they placed wreaths on the tombs of the late King Christian and Princess Marie, the Holled eagle at Fredericksburg, and the National gallery. This afternoon they went to Elsinore, the supposed scene of Shakespeare's "Hamlet." They will leave tonight for Christiansburg, arriving tomorrow morning.

Another Big Prize.
London, May 3.—The third \$50,000 aviation prize offered by the London Daily Mail was announced today for a flight from London to Paris.

Albania Revolt.

Constantinople, May 3.—The government today denied to foreign military attachés permission to accompany the Turkish troops into Albania, where practically civil war is raging. The refusal is considered indicative of terrible atrocities by both sides and rebels, a knowledge of which the government hopes to keep from the world. The government reinforcements are mobilizing at Smyrna. Soldiers still hold Kachanik pass, but have been unable to dislodge the rebels from the Karadakh mountains. Albanian women are carrying arms with the rebels.

FISHER INDORSED

SENATOR BRADLEY PUTS HIS O. K. ON HIM.

J. C. Speight Arrives There to Receive Like Treatment From the Senator.

Louisville, May 3.—A "Times" Washington special says: "Senator Bradley sent to Postmaster General Hitchcock his endorsement of Frank M. Fisher for reappointment as postmaster at Paducah. Mr. Fisher is here. The Kentucky patronage situation is suddenly cleared last week by the affidavits sent to Senator Bradley by Postmaster R. E. Woods, of Louisville, seems on the eve of developments."

J. C. Speight, of Mayfield, who is seeking the district attorneyship at Louisville, has arrived here. He will ask Senator Bradley's formal indorsement on the ground that M. H. Thatcher has been so much better provided for than Speight is the logical candidate for the place. Speight's appointment as district attorney would leave no contestant for the place of United States marshal at Louisville, now held by George W. Long, other than Mr. Long himself.

Ballinger Upheld

Seattle, Wash., May 3.—Resolutions, endorsing Ballinger, and scolding his opponents as "enemies of good government," were adopted by the Seattle city council, and were mailed today to the Ballinger-Pinchot investigating committee at Washington. The resolutions were adopted only after a hot fight in the council, the vote standing 11 to 6. "Assassins of character" is one of the phrases applied in resolutions to Ballinger's enemies.

Fiscal Court Discussing Change in Almshouse Management This Afternoon--Lively Debate is on

Committee Recommends Abolishing Office and Putting New Manager in to Save Money.

The county almshouse is occupying the attention of the fiscal court this afternoon. Magistrate Emery read the report of the special committee, recommending that the office of almshouse keeper be abolished; and that M. T. Harter be elected at a salary of \$60 a month. Magistrate Emery said the county could save \$150 a month. Magistrate Kuykendahl, of the Eighth district, opposed the change, favoring the retention of Thompson until next fall. Judge Lightfoot argued the question with the board, opposing the view of County Attorney Sanders Clay that the board can vacate the office by abolishing it.

Morning Session.
Little of interest was done at the morning session of the fiscal court as the magistrates devoted the time to clearing away the deck of routine affairs, before attacking the real business of interest. When the session of the court was called the room was comfortably filled with spectators, who were anxious to see the result of the fight to oust W. A. Thompson from the county sanitarium. Thompson with his attorney, Judge B. T. Lightfoot, was present at the morning session.

At 11:30 o'clock the magistrates adjourned until 1:30 o'clock this afternoon. County Attorney Sanders E. Clay reported that J. F. Thurston and M. Clifton made affidavits that they, who are not residents of McCracken county, had paid poll tax. The money was ordered refunded. County Attorney Clay also reported that he had spent \$19.10 of the fund allowed him to work up evidence. He spent \$9.10 for the railroad fare of Mrs. Linn Thompson to Paducah for the purpose of identifying her son and \$10 to Collins & Moore's detective agency for working up evidence.

The following bonds for road work with sureties were accepted: H. L. Ross, Seventh district, \$1,000 bond, with C. W. Ingram surety; W. E. Lane, Eighth district, \$1,000 bond, with T. E. Ford surety; Sanders Hanks, Fifth and Sixth districts, \$1,000 bond, with Mrs. C. H. Brooks and Mrs. Mary Frank Cheaterland surety.

Attorney W. A. Berry appeared before the court and urged that a roadway from the Hillsville road to the city limits be drained with pipe and gravelled. The property was dedicated to the county on the consideration that the county would grade, gravel and drain the road within one year. Mr. Berry stated that the roadway has been graded, but the county has not taken steps to gravel it. On motion, the agreement was referred to the county attorney and county road supervisor. The regular allowances to the paupers were made. Several requests for increased allowances were heard, but only a few granted, as the pauper fund can not stand many increased allowances.

The magistrates allowed the monthly salaries of the county officers. The report of George Lehnhard, back tax collector, was received and filed. For the collection of back poll taxes he receives 2 1/2 per cent, while the magistrates decided on 10 per cent for the collection of back personal tax. The resignation of Richard Penn

Postmaster at Viola Protests Innocence

Isaac W. Green, postmaster at Viola, in Graves county, was arrested this morning by United States Deputy Marshal Elwood Neal on the charge of embezzlement. It is alleged that he misappropriated \$128.36 of the funds of the postoffice. He was brought to Paducah this morning for his examining trial before Armour Gardner, United States commissioner. Green is a married man and about 50 years old. He protests his innocence and says if there are any irregularities that they are due to ignorance on his part. He is a

THE WEATHER

The predictions and temperatures for the past twenty-four hours will be found at the top of the seventh column on page four.

MAY STOP FIGHT.
Chicago, May 3.—There is consternation in sporting circles today over a telegram received by friends from Jack Johnson, advising against betting on the Jeffries fight. He says the death of McCarthy may cause a calling off.

as back poll tax collector was received and filed. His report showing he had deposited \$40 with the county treasurer was received and filed.

Claims Allowed.
Bills allowed were: County levy fund—Paducah Light and Power company, \$5; Henry Mammen, \$32; Mitchell Machine and Electric company, \$2.70; Jake Hiederman Grocery and Baking company, \$3; J. H. Burnett, \$16.66; L. B. Ogilvie & company, \$5.55; William Hoffman, \$37.70; East Tennessee Telephone company, \$9.50; Mills-Guedry Grocery company, \$2.40; Bradley & Gilbert company, \$9.05; Home of the Friendless, \$32; S. E. Clay, \$12.50; L. W. Henneberger & company, \$12.70; A. A. Rudy & Sons, \$6; E. D. Hannan, \$14.55; Central Iron and Coal company, \$36.44; George W. Houser, \$59; Langstaff-Orme Manufacturing company, \$5.75; C. B. Crossland, \$27.40; Gna G. Singleton, \$17; J. F. Potts, \$3; Walter Cortez, \$5; Jackson Foundry and Machine company, \$6.25; Paducah Water company, \$71.95; Henry Houser, \$249; Mart M. Coulson, \$89; Henry Houser, \$61.96; G. R. Davis, \$60; A. W. Barkley, \$27.50; J. D. Mockett, \$27.50.

Pauper fund—R. C. Farthing, \$8.50; U. S. Walston, \$4; Butler & McChesney, \$15; Jake Hiederman Grocery and Baking company, \$7.50; Lieberman & Vogt, \$12.50; P. F. Eaker, \$36; Jackson Foundry and Machine company, \$2.75; W. A. Thompson, \$238.80.

Road and bridge fund—J. R. Thompson, \$1,363.13.

Committee work: Magistrate Blech \$18; Magistrate Emery, \$18; Magistrate Walston, \$18; Magistrate Kuykendahl, \$9; Magistrate Ross, \$6; Magistrate Housholder, \$9; Magistrate Spitzer, \$3; Magistrate Bennett, \$6.

MISSIONARY RALLY AT McKENNIE SUCCESSFUL.

A large crowd attended the layman's missionary rally at McKennie Methodist church last Saturday and Sunday. Over 25 were collected. In addition to the pastor, the Rev. W. J. Naylor, Presiding Elder McCoy and the Rev. H. B. Torry, of La Center, spoke. This Saturday and Sunday the meeting will be held at Salem. Dinner will be served on the grounds.

PRINCETON GETS LITTLE FOR LOSS

SUITS FOR INSURANCE GROWING OUT OF NIGHT RIDER RAID, ARE SETTLED.

Louisville, May 3. (Special.)—Suits, growing out of the burning of the warehouses at Princeton by the night riders, against the insurance companies were settled by the companies paying a nominal sum less than \$1,000.

Postmaster at Viola Protests Innocence

man well thought of at Viola, and has served as postmaster for two years.

ILLINOIS BRIBE PROBE IS GONE

Chicago, May 3.—The mystery in the senatorial graft case today, leaving no traces of his whereabouts or his motive in leaving the grand jury adjourned until tomorrow morning. There are many rumors. One is that he has gone to see another representative who is confessing. Another is that he has gone to Springfield to see a Congressman. Another is that he is accused of trying to hamper the investigation of White's charges that he received \$1,000 to vote for Lorimer.

CENTRAL AMERICA DEMANDS WARRING FORCES TO CEASE

Trouble in Nicaragua is Disturbing Comfort of All Neighbors.

International Court Will Settle Case.

KNOX WIRES HIS PLEASURE.

Bluefields, May 3.—The Central American court of justice at Cartago today appealed to Estrada and Madriz to declare an armistice of eight days during which the court, acting as mediator, will endeavor to restore peace. The move is the decision of Central American republics to end the war which has been so disastrous to the commerce of Nicaragua and has damaged the business interests of other countries.

Washington, May 3.—When Knox heard of the proposed armistice, he cabled a congratulatory message to the international court at Cartago, intimating that such a method is highly satisfactory to the United States.

Despite the efforts for peace, there is a strong possibility of further conflict. Consul Olivares, at Managua, reported today that Iria, appointed by Madriz as commander at the Atlantic coast, has left, presumably for Greytown to take charge of operations there. Estrada's agent in Washington, Dr. Castillo, said today the post of Greytown was blocked by insurgents, according to advices from Estrada himself. This is believed to mean that the revolutionists will attempt to prevent the landing of the Venus which sailed from New Orleans Friday with arms and ammunition for Madriz adherents.

METROPOLIS PASTOR TO BE INSTALLED THURSDAY.

Metropolis, Ill., May 3.—The Rev. William Pease, who has had the pastorate of the Presbyterian church since the first of the year, will be formally installed Thursday night.

The Presbytery will be represented by the Rev. W. V. Jeffries, Synodical Superintendent of Springfield, who will preach the sermon. He will be assisted in the ceremonies by Rev. E. Broeze, of Harrodsburg, Rev. Landis, of Paducah and Rev. Craighead, of Anna. A reception will follow and refreshments will be served.

Taft Hears Naught.

Pittsburgh, May 3.—When President Taft was informed today of the story published in Washington as to letters said to have been received by him and was asked if he had received any such communication from Mr. Roosevelt, he shook his head. "No," he added.

BASEBALL MANAGER IS CHOSEN FOR PADUCAH

The organization of the Paducah Baseball association is being perfected this afternoon by the board of directors, which met at the Paducah Traction company's building. The first business will be that of electing a manager for the local team. It is said that two local players are applicants, as well as out-of-town players. About nine applications were filed altogether. As soon as a manager is elected the work of picking out a team will begin and many players will be given tryouts. Satisfactory rates with local hotels have been secured for visiting teams.

ILLINOIS BRIBE PROBE IS GONE

WAYMAN HAS NEWSPAPER BOYS
IN CHICAGO GUESSING AT
HIS WORK.

Chicago, May 3.—The mystery in the senatorial graft case today, leaving no traces of his whereabouts or his motive in leaving the grand jury adjourned until tomorrow morning. There are many rumors. One is that he has gone to see another representative who is confessing. Another is that he has gone to Springfield to see a Congressman. Another is that he is accused of trying to hamper the investigation of White's charges that he received \$1,000 to vote for Lorimer.

Harahan Thinks Roosevelt Will Serve Another Term as President Because People Will Demand It

Head of Illinois Central System Expresses His Opinion in St. Louis--President Taft in Cincinnati.

St. Louis, May 3.—"Roosevelt won't be satisfied out of politics and he will be our president again." This was the opinion expressed today by J. T. Harahan, president of the Illinois Central railroad, as he was changing trains here. Harahan is on his way from Chicago to New Orleans.

"Roosevelt may not directly seek the nomination," said Harahan, "but finally, by demand of the people, he'll serve another term as our chief executive. No chautauqua lecture course or minor office ever will do for Roosevelt. He wants excitement. It is part of his life. Therefore, he'll be president again."

The magnate said he is pleased with the appointment of Governor Hughes, of New York, as associate justice of the supreme court of the United States.

Taft in Cincinnati.

Cincinnati, O., May 3.—President Taft is here today, the first time in his old home since his inauguration. There will be many celebrations, dinners and receptions.

Wickersham in New York.

New York, May 3.—Attorney General Wickersham declared last night at the banquet given to Lloyd G. Griscom, chairman of the Republican organization in New York county by the 23rd District Assembly club that he is satisfied with his position as a cabinet officer in spite of the fact that "whatever one does in public employment is the subject of criticism" and that his office "entails laborious days and involves the exercise of great responsibility."

Upholding the policies of the Republican party and urging co-operation among members of the organization in helping to carry out the pledges of the party, Mr. Wickersham accused the "insurgents" without mentioning them by that title, of "impeding at this time the work of the national administration by the loosening of party cohesion and party discipline."

PLENTY OF BOYS STRAY FROM HOME

ALL SORTS TO CHOOSE FROM IF RED THOMPSON TURNS UP ALIVE.

If "Red" Thompson, who certainly seems to be the murdered boy beyond question, should happen to put in his appearance in Birmingham, Ala., and convince his mother that he was genuine, the officials here would no doubt be flooded with messages concerning the identity of the murdered boy.

As it is, inquiries continue to come to the police department and county officials. A letter that set Sheriff George Houser's mind working on the case was received today from R. L. Rowe, of Warrior, Jefferson county, Alabama. Rowe stated that "it is a fact that Mrs. Lum Thompson's son has turned up all right."

Mr. Rowe is anxious as to the whereabouts of his son and claims that he left home over three weeks ago with two companions headed north. He has not heard from him since and says Mrs. Rowe fears that the murdered boy is her son. Although Mr. Rowe did not describe his boy, he enclosed postage for the return of a description of the supposed "Red" Thompson.

At 8:10 o'clock last night Chief of Police Henry Sengery received a long distance telephone message from John Litterell, asking for a description of the murdered boy. Litterell said his son had black hair and blue eyes and after the chief had described the victim, Mr. Litterell was satisfied that it was not his son.

OILING GUTTERS HEALTH MEASURE

BOARD OF PUBLIC WORKS CO-OPERATING WITH HEALTH DEPARTMENT.

What President Richard Rudy, of the board of public works, believes will reduce the malaria in Paducah fully 50 per cent this summer is the innovation of spreading crude petroleum oil in the unsanitary gutters over the city. This has just been inaugurated by the board of public works and Street Inspector Bell has a special man doing this work all week. The street department is co-operating with the health department in keeping the streets and alleys in the best sanitary condition possible. With the close of this week about 26,000 gallons of oil will have been spread on the streets.

Tonight at 7 o'clock the board of public works will hold its regular meeting. Bids will be opened for a new engine for the city electric light plant at Tenth and Madison streets. The board instructed Superintendent W. H. Force to get bids, after having been asked to do so by the general council. When a new engine is installed the old one will be used as a relay in case of a breakdown. Many more street lights can be cared for with a new engine.

RUTH BRYAN LEAVITT MARRIES THIS MORNING

Lincoln, Neb., May 3.—The wedding of Lieutenant Reginald Altham Owen, of the British royal engineers, and Ruth Bryan Leavitt was celebrated at Fairview, the Bryan country home, today. Strict conservatism by Bryan prevented the announcement of the details until they boarded the train for their honeymoon. It is believed they will go to Kingston, Jamaica, where the lieutenant arrives in the British army. The route will be kept secret because of Leavitt, divorced husband.

THE CENSUS.
It is necessary for every name in Paducah to be listed if the city is to get the full benefit from the census. Every day reports are coming in of people missed. They should send their names to J. R. Jones, census supervisor, Princeton, Ky., at once.

gentlemen who still persist in thinking that they can run with the hare and hunt with the hounds."

The speaker acknowledged that "long continued control of government by one party always has tended to result in its abuse and to corruption in its exercise." But he expressed the opinion that the Republican party, "like some human bodies which are so constituted that before disease has destroyed life they develop within themselves an anti-toxin which overcomes and completely cures the disease, has always had within itself the vital capacity of rooting out the abuses and corruption of its own representatives and without the necessity of surgery from without has completely wrought its own cure by action from within."

Defends Administration.

The present national administration, said the attorney general, "came into power under a commission perhaps more specific than any other ever formulated for party government. It succeeded an era of attack upon special privilege and of effort to enforce laws made to check exploitation of the great resources of the nation for the benefit of comparatively small groups."

"The present administration," he continued, "is not running amuck legitimate business interest. On the contrary, the intention and desire of the administration is to protect them from the disastrous influences of unfair competition and, and secret (illegitimate) advantages in transportation and in trade which operate to the benefit only of those few who participate in them and to the detriment of all the many who do not. It is this which has become the settled definite policy of the Republican party."

PLENTY OF BOYS STRAY FROM HOME

ALL SORTS TO CHOOSE FROM IF RED THOMPSON TURNS UP ALIVE.

If "Red" Thompson, who certainly seems to be the murdered boy beyond question, should happen to put in his appearance in Birmingham, Ala., and convince his mother that he was genuine, the officials here would no doubt be flooded with messages concerning the identity of the murdered boy.

HAMMER AND SAW TAKEN UP AGAIN; STRIKE IS OVER

Contractors Sign New Scale of Union Carpenters This Morning.

Walk-Out Lasted Just Two Days This Year.

BUILDING OPERATIONS GAIN.

All the contractors have signed the scale submitted by the carpenter's union, and today all the union carpenters picked up their hammers and saws and returned to work. The disagreement over the new wage scale was settled this morning with the union carpenters gaining every point. The wage scale was fixed at \$3.60 for eight hours, and the scale will apply to everybody. The contractors sought to have a higher wage scale when the carpenters took work from any person besides a regular contractor.

Saturday the old wage scale expired, said the carpenters made demands for an increase of 60 cents on the day. Four contractors signed the new agreement without much hesitation, but the majority waited until this morning. The contractors met this morning, but nothing came out of the meeting. Later all of the contractors signed the scale as individuals.

The signing of the new wage scale will be pleasant news to the city as at present there is considerable work under progress and it would have hindered it to have a long drawn disagreement between the carpenters and contractors.

Seized Blade for Support.

Will Saffer, a clerk at the grocery of Lee Hite at Tenth and Husbands streets, received a severe cut on his left hand yesterday afternoon as the result of seizing the keen edge of a butcher knife. Saffer was standing on a box when he slipped and fell to the floor. As he descended he made an attempt to catch the counter but his left hand clutched only the knife which was on the counter. His forefinger was almost severed at the third joint, while a gash was cut on the second and third fingers. Dr. W. C. Eubanks was called and dressed the injury.

COLUMBUS STREET CAR STRIKE DRAGGING ALONG

Columbus, O., May 3.—This is the fifth day of the street car strike. The company is running 25 cars, mostly operated by strikebreakers. General Manager Stewart announced that he would run many more before nightfall. Heavy rain kept the disturbing element indoors this morning, but the police expect a renewal of the disorders. Strikers are confident that the suit for the appointment of a receiver for the company, to be filed today by David T. O'Brien, a taxpayer, will be a big factor in bringing about peace.

WHITE SLAYER TURNS STATE'S EVIDENCE

New York, May 3.—Harry Levinson, who was arrested Saturday, charged with selling young girls for immoral purposes, today pleaded guilty. He told the court he wanted to tell the district attorney all he knew, turning state's evidence. He was remanded, to be taken later before the grand jury investigating the white slave traffic. When Levinson was brought into court, Justice O'Sullivan told him he wouldn't receive mercy by turning state's evidence; that the penalty was 20 years; but Levinson persisted, anyway. Levinson's attorney said his client's testimony would implicate several persons well known.

CHILLY BREEZE

RESISTS EFFORTS OF FIREMEN THIS MORNING.

Brick Blaze at Sixteenth and Jones Streets At Sills' Residence.

In the face of a chilly, stiff wind the firemen had a lively fight with the flames at Sixteenth and Jones streets early this morning. Fire was discovered in the home of Arthur Sills just in time for Mr. and Mrs. Sills and their two children to escape without injury through a window. The house was burning all over and the fire leaped to the home of Terry Malone, which is adjoining.

The wind carried the sparks to all of the houses in the vicinity, and residents were kept busy extinguishing the sparks as rapidly as they fell on the housetops. Fire Chief James Wood directed three streams of water on the burning dwellings, and after an hour's work the fire was extinguished. The Sills home was badly damaged while the roof was destroyed on the home of Terry Ma-

Making Good...

is a habit which is forced upon a dry goods merchant if he is to last; it is pre-eminently the business of large business and small profits. Women are the principal buyers and a few cents have vast weight with them.

That's the sort of school we have been trained in—and for over forty years we have been making good at the most strenuous game in the world—the dry goods business. And the same methods which have made us successful for all these years are being applied to our CLOTHING STORE. We have searched the markets with a fine-toothed comb and GRIFFON CLOTHES are the result. They are absolutely the best clothes we know for anything like the money.

Men, be as discriminating as the women. Don't be influenced by anything but the absolute VALUE when you are buying your clothes. Study and compare values. See Griffon Clothes and their perfect style, their superior tailoring and then just remember that in addition to their splendid appearance they are made from the longest, strongest fibres of the wool—that they're PURE WORSTED and will outwear and outlook any "all-wool" suit in the world. Do that and we get your business—because it puts money in your pocket to buy only on a quality-standard.

BORNEMANN WARD CONTRACT IS LET

GENERAL COUNCIL CONSIDERS IN
HOSPITAL BOARD'S ACTION.

Lower Board Orders New Ordinances
Reported—Finance Reports
Made.

MANY BONDS ARE CREMATED.

After a lively discussion both boards of the general council ordered that \$270 be appropriated from the city contingent fund and added to the Bornemann bequest of \$2,500 for the building of an addition to Riverside hospital. In the council the money was allowed without opposition after a few klucks were straightened out. In the board of aldermen, Alderman Stewart made a motion to concur in the action of the lower board. At once Alderman Joe Potter was on his feet and wanted an explanation. He said that the money was left to the city for the purpose of using the interest for the maintenance of a charity ward at the city hospital, and he could not understand how the hospital board could use the bequest itself to erect the addition. Alderman Potter launched into a speech about the real necessity of an addition to the hospital, and said as a member of the investigating committee he ascertained that it cost \$1.89 each day for charity patients. It was explained that the bequest from the Bornemann will be to be invested in the addition to the hospital, while the city will pay interest on the money, which will enable the city to derive benefit both from the principal and interest. When the plan was explained the aldermen saw the benefit and when put to a vote all voted for it with the exception of Alderman Potter.

Bonds Are Burned.
Another "bond fire" was enjoyed by the members of the general council. City Treasurer George Walters reported to both boards that some of the city bonds have been redeemed, and he was ordered to burn them in the presence of the aldermen. The bonds burned were: Nos. 40 and 11, valued at \$500 each for Riverside hospital; and Nos. 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 66, 67, 68, 69, 70, 71 and 72, valued at \$1,000 each, for the St. L. & P. railroad, which never materialized.

The Aldermen.
Dedication of private property in payment of public improvements was not accepted last night by the board of aldermen, which met in regular session. It was brought to the attention of the board that W. E. Bradshaw owned an alley between Fountain avenue and Sixteenth street and Broadway and Jefferson streets when in ordering a public improvement it was considered public property. Some of the aldermen said it would be a bad precedent for the city to accept private property, the city bearing the expense of making public improvements. The council board agreed to accept the property and the

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach. Any mother who will take the trouble of sending her name and address (can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merit. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago, and Mrs. Mary Belford, 110 E. Lake street, Louisville, Ky., both started with a free sample and now write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet containing no harmful properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach, and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address in Dr. W. B. Caldwell, 1250 Caldwell building, Monticello, Ill.

city bear the expense of improving it, but when put to a vote it was lost. The vote stood: Yeas—Aldermen Hannan, Hank, Lackey, Ochelslaeger; nays—Aldermen Farley, Potter, Stewart and Van Meter.

Immediately the motion passed unanimously for the city to institute condemnation proceedings and purchase the property, and then make the improvements at the expense of the city property owners.

A motion from the council that City Engineer L. A. Washington be authorized to increase his force, with the addition of one engineer, two chain carriers, one stakeman and a horse and wagon, was passed. The addition to the engineering corps will be necessary, owing to the large amount of public improvements contemplated, and the present force of the department is too small for the work.

A motion from the council that the contract for winding and cleaning the two city clocks be awarded to Nagel & Meyer for \$100 a year was passed.

A communication from Miss Kate Nunemacher for an increase in salary from \$50 to \$65 a month was received and filed. Formerly Miss Nunemacher was entitled to the privilege of taking extra work, but recently this was withdrawn because it was said it interfered with the city work. The communication was referred to the finance committee twice, but no recommendation was made.

A New Role.
Alderman Farley made the motion that rule No. 22 be added to the rules of the aldermen, covering the point that the rules can be amended without the resolution remaining over until the following meeting for the

CALOMEL IS MERCURY.

No one should ever take Calomel except under a doctor's direction. Calomel contains mercury, and mercury is poison. Physicians for years have been looking for a substitute for this doctor like to give dangerous medicine. Dr. Edwards, after fifteen years of study, has solved the problem for all physicians, and compounds Olive Tablets, containing Olive Oil and other vegetable compounds, which act gently and firmly on the liver and bowels. It is not necessary to take Calomel any more since Dr. Edwards' Olive Tablets are taking its place, so your liver and bowels can be restored to their natural functions without any danger. The Olive Oil in the tablets is healing to the irritated organs. Try a package and see what wonders they do for the Liver and Bowels. At all druggists, in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

second motion. The motion carried.

The motion was introduced as a result of the second reading given the resolution changing rule No. 8, of the board rules. At the last meeting of the board in April the resolution, amending the rules, regarding the calling for ordinances from committees was given two passages. It was considered that the second reading in April was not sufficient and to avoid possible confusion the resolution was given second passage again.

The report of a special committee from the street committee in regard to the improvement of husbands street from Fourth street to Sixth street was received and filed.

Alderman Hank reported that contract for the printing of ordinances, relating to sewer work, had been let to the Billings Printing company.

Mayor Smith was directed to sign the contract with the federal government for the caring of marine patients at the Riverside hospital.

J. M. Gilbert complained that he had paid \$16.65 taxes in excess as a result of over-assessment of property on Broadway between Tenth and Eleventh streets. On motion of Alderman Potter it was referred to the relief committee.

Reports.

The report of Chief of Police Singery for the month of April was received and filed. The report was: Fines collected, \$524; fines reported, \$210; on hand for collection, \$10.

The report of Dr. Robert Fisher, city milk, meat and livestock inspector, was received and filed.

The report of the back tax collector was received and filed.

The report of City Treasurer Walters and City Auditor Kirkland was received and filed.

The minutes were read and adopted by the board after corrections.

The entire board was present including: Aldermen Hannan, Farley, Hank, Lackey, Ochelslaeger, Potter, Stewart and Van Meter.

Board of Councilmen.

Permission was given the Southwestern Medical association to hold meetings in the council chamber May 10 and 11 upon request from Dr. Frank Boyd.

The regular semi-monthly accounts, pay rolls, etc., amounting to \$26,807.85, were allowed as follows:

Salaries \$ 1,290.28
Street Department 1,687.60
Sewers 114.52
Engineer Department 1,851.02

Fire Department 1,391.00
New Fire Station No. 1 8,996.12
New Fire Station No. 6 273.00
Police Department 2,343.31
Oak Grove 169.30

Pauper and Charity 434.10
Riverside Hospital 636.96
Sanitary 271.14

\$18,244.73

Post House 97.10
City Hall 248.36
City Hall Vault Door 56.00
General Expense 471.46
Hospital Investigation 15.00
License Revenue 70.00
Commission Back Taxes 70.18
Costs and Suits 33.40

Schools, 35,185 of \$15-

928 10 2,466.67

J. P. Smith, mayor's cash orders 1,200.00

Fire Station, Jack Cole 3,064.95

Interest Coupons 1,520.00

Interest Coupons 450.00

Grand total \$26,807.85

The monthly report of the city treasurer and auditor showing a balance of \$22,484.12 in the city treasury on May 1 was allowed. There is a deficit of about \$4,000. This will be wiped out when the old central fire station is sold.

The report of the treasurer showing the sale of the delinquent tax bills to City Auditor Kirkland for the city for \$9,585.40 was received and filed and ratified.

Ordinances.

An ordinance was ordered brought in prohibiting the ringing of all bells and gongs on the streets of Paducah excepting ambulances, patrol and fire wagons and street cars. Motion of Alderman Stewart.

On motion of Alderman Stewart the council ordered the ordinance committee to bring in an ordinance regulating the speed of automobiles within the city limits. The present ordinance restricts autos to a limit of only eight miles an hour.

To the police and fire committee was referred the matter of prohibiting the discharge of fireworks on July 4 and regulating the storage of pyrotechnics by business houses.

An ordinance providing for the improvement of the Mechanicsburg streets by constructing concrete sidewalks, granite curbs and gutters was given first and second passages. Councilman Wilson voted against it.

A remonstrance from property owners on Powell street from Clements street to Hayes avenue against the improvement was received and filed.

An ordinance providing for the improvement of the streets in Mechanicsburg by grading and graveling was given first and second passages. The work is to be completed in six months.

It was ordered that nineteen bonds be burned by the city treasurer before the board of aldermen and the bonds be noted in the minutes of the council as a matter of record.

The monthly report of Chief of Police Singery, showing collection of fines amounting to \$524, amount reported \$210 and amount on hand for collection \$10, was received and filed.

The monthly report of Meat and Milk Inspector Fisher for April was received and filed.

Riverside Report.

The council instructed the Riverside hospital board to award the contract for the Bornemann addition to Contractor B. T. Davis for \$2,734 plus \$370 for Architect W. L. Brainard for drawing the plans.

It was ordered that \$370 be apportioned out of the contingent fund for the hospital board, as the Bornemann bequest only amounted to \$2,500. The lowest bid was an excess of \$234 with the addition of \$136 for the cost of the plans. The hospital board recently received bids from several contractors and now have permission to close the contract with Contractor Davis.

Engineer's Assistants.

The request of City Engineer L. A. Washington for an extra force in unking the many street improvements was unanimously allowed. The extra men needed will cost approximately \$300 per month.

Nagel & Meyer were awarded the contract to tend the two city clocks at \$50 per year each.

On motion of Councilman Budde a resolution, providing for concrete sidewalks on both sides of Tenth street from Kentucky avenue to Husbands street, was given first and second passages.

A report from the street committee concerning Husbands street was received and filed. It was shown that the J. R. Smith estate would dedicate property to open the street between Fourth and Sixth streets while J. W. Jones will sacrifice his property at the low figure of \$125. Property of E. H. Puryear is mortgaged is that of Elisha Reed reverts to minor heirs.

Mayor James P. Smith was authorized to close the usual contract for the caring of marine patients at Riverside hospital for the city of Paducah.

The dedication of ground for an alley to run from Fountain avenue to Sixteenth street between Broadway and Jefferson streets from W. F. Bradshaw, Sr., to the city of Paducah was acknowledged. The dedication was made with the understanding that the city will grade and gravel the alley, as it promised in the past.

A request of H. J. Ellerbrook, proprietor of the "hole in the wall" at 107 North Fourth street, for exemption from taxation was referred to Mayor Smith. The annual license is \$16 and he claims he has been in poor health and is unable to pay the license and support himself and his family.

To the relief committee was referred the request of J. M. Gilbert

FREE GAS RANGE

We beg to announce to the ladies of Paducah that we are to give away the

Prize Range

used at the demonstration being held at our office daily at 2:30 o'clock. Attend the demonstration, see what delicious things can be made on the Gas Range and get a ticket on the Free Range.

The Paducah Light & Power Co.

(Incorporated.)

for relief from over-assessment. Mr. Gilbert claims that in 1908 his property at Tenth street and Broadway, containing 63 1/2 feet, was assessed for \$3,000. The tobacco warehouse on the property burned and in 1909 the assessment was reduced to \$2,600. In some manner the present assessment on the property is listed at \$3,500 and he claims it is \$900 too much.

All members were present as follows: Councilmen Foreman, Howers, Budde, Burall, Hannan, Horton, Kreutzer, Lally, Leigh, Mayer, McCarthy and Wilson.

EVENING SUN'S DAILY MARKET

LOCAL PRODUCE.

(Corrected daily by Woolfolk, Bowlers & Co.)

Eggs, dozen 16 1/2 c

Butter, lb. (packing stock) 15 c

Livestock.

Louisville, May 3.—The receipts of hogs were 2,744 head as against 1,390 last Monday 2,989 a year ago and 2,022 two years ago. The market was slow in opening; sellers were willing to make a slight concession but the buyers were reticent and refused to even make bids. Finally they got together, with prices 25c to 30c under Saturday's level; selected, 165 to 167 lbs. and up, selling at \$9.30 to \$9.40; roughs \$8.55 down. The pens were pretty well cleared, but the market closed weak.

Cattle.

The receipts of cattle today were 1,300 head—not a big run—and while there were not many out of town buyers, the reports from other markets were unfavorable, and the trade dull and unsatisfactory from start to finish, with unevenly lower prices in vogue. Handy weight butchers were the best sellers, yet they broke 10c to 25c, and all medium and inferior kinds of butcher cattle, as well as heavy butcher steers, sold 25c under the best time last week. A fair calf existed for high grade feeders and stockers; hardly any of that class here, and medium, plain and common grades were very draggy and 25c lower; sales hard to make at the decline. Choice bulls steady; common bulls and canners lower. The best milch cows steady; common lower. There were several cars of heavy steers here; the trade was stagnant on that class of cattle, and easily 25c off. The pens were fairly well cleared, but the market finished dull.

Calves.

Receipts 241 head; market dull and lower; best 6 1/2 to 7 1/2 c; medium 5 1/2 to 6 c; common 4 1/2 to 5 c.

Sheep and Lambs.

Receipts 1,114; the quality was not extra good and the market slow and lower. The best fat sheep 6 1/2 to 7 c; the best fat lambs 8 c down; a few small lots of spring lambs sold early to the butchers and speculators around 10c, but the bulk of the sales were at 8 1/2 to 9c, and the demand very slack.

St. Louis.—Cattle—Receipts 3,500 market steady. Native beef steers \$6.75 to \$7.25. Hogs—Receipts 6,000 market 5c lower; pigs and lights \$8 to \$9.50; packers \$9.25 to \$9.55; butchers and best heavy \$9.40 to \$9.60. Sheep—Receipts 3,000; market lower; native muttons \$7 to \$7.50; lambs \$7.50 to \$8.

Daughter—Did you have to fish much, mamma, before you caught papa. Mother—Fish, my dear, fish! I was bear hunting.—M. A. P.

Some Persons

feel bright and ambitious a part of the day; and then listless and dull.

Most of these people are coffee-drinkers. They can not account for their whimsical moods and don't realize they are doing anything to cause them. But take a look at the case in the light of science as applied to physiology.

Ever study the way coffee acts on the brain and nervous system?

"Caffeine," says a scientist, "is a drug found in coffee and tea and is classed among the habit-forming drugs, like whiskey, morphine, cocaine, etc.

"It acts as a so-called heart stimulant first—but the reaction later shows that it is in reality a paralyzant—weakens the nerves and partially paralyzes them.

"Caffeine causes a short period of excitement of the nervous system—a delusory effect.

"But this is followed by the inevitable depression of spirits, dullness of intellect and sometimes dizziness."

That's what coffee does in part.

On the other hand, thousands of people have learned to distrust coffee and have found in well-made POSTUM a beverage which tastes similar to coffee but has none of the harmful effects of coffee.

If you would feel clear-headed and well all the time, drop coffee and begin using POSTUM. But—be sure you read directions on pkg. POSTUM must be made right (well boiled) to bring out the real food value. Thousands of people have found it. You can do the same and it is quite a pleasant discovery—that

PETER PURYEAR,
Notary Public.

My commission expires January 10, 1912.

Daily Thought.

What is not needful and is commonly wrong, is to pass a judgment on our fellow creatures.—Gladstone.

Be careful what you pray for; you might get it.

What sort of winter is this?—or is it just a relapse?

Metropolis landing has been a favorite fishing spot for several weeks.

Weston didn't go as fast as an automobile; but Weston saw something on his long journey besides a speedometer and the dirty underside of a broken down car.

It is remarkable how zealous we are in trying to reform one another, instead of being zealous in keeping one another from falling; how keen we are to get well, and how careless about getting sick; how ingenious we are in plans for cleaning up the city, and how slothful in making the litter.

No, Dear, Innocent Reader, it probably was not the comet you saw, but the big, bright, beautiful morning star, that has lighted father's wandering footsteps home many and many a time. Sometimes it looked like a shooting star to father. That accounted for the synopsized cadence of his gait, and gave rise to the expression, "The music of the spheres." When father muttered something in his sleep about Venus and giggled, mother lost patience; but when the old man whispers "comet," she wakes the household to see, father takes rank among the explorers of celestial space in his own home, and mother looks disappointed because Venus doesn't have two braids hanging down her back. Isn't that just like a woman?

THE WICKERSHAM INCIDENT.
Some members of congress, more zealous than intellectual, we suggest, will manage to make this Ballinger investigation look like a political scheme to undo the administration, instead of an effort to ascertain facts. Sight must not be lost of the fact that President Taft asked for the investigation. More will be accomplished if the committee is allowed to conduct the investigation in its own way, and General Wickersham and others are kept out of it. The public is not interested more than casually in whether Ballinger is found unfit or is exonerated; it is interested in the welfare of the conservation policy. Whether or not Wickersham deceived the president, has nothing to do with the issues before the committee; but it would be rather remarkable if President Taft were the only person in these United States that was deceived. He isn't a fool; he hasn't been captured by his cabinet. He might be deceived in a man; but it is not likely that a member of his cabinet would falsify statements prepared for the president at his own request. The Wickersham incident is dragged in by political opponents of the administration, and indicates that the investigators of it are more concerned with the advancement of their own political interests, than they are in the advancement of the country's interests.

Little Collins is dead. Don't

HEALTH REPORT FOR APRIL.

According to the figures of the city health officer, who is preparing his monthly report for April, there were 28 deaths in Paducah last month and 27 births. The death rate, he believes, can be materially lowered, by the proper observance of sanitary instructions issued by the health department.

Tuberculosis leads among the deaths and pneumonia takes second place. Following were the causes of death: Tuberculosis, 6; pneumonia, 5; septicemia, 2; influenza, 3; infectious malaria, 2; railroad accidents, 1; measles, 1; organic heart trouble, 1; renal abscess, 1; unknown murder, 1; croup, 1; blood poisoning gangrene, 1; paralysis, 1; scurvy poisoning, 1. Deaths among the white population were 15 and 13 among colored.

During the month there were 32

cases of measles in the city. There were six cases of tuberculosis, all of whom died. There was one case of smallpox, one of scarlet fever and two of diphtheria.

The birth rate was exceptionally good. The report of births is: White females, 14; white males, 6; colored females, 3; colored males, 4.

Special stress on baffling the fly and mosquito is placed by the health department for May. The health officer warns the residents to screen all garbage cans and trash boxes and thoroughly screen the doors and windows. This will prevent the fly from bringing disease germs into the homes and the proper observance of these rules will avoid much sickness that is due to neglect. Care should be taken to rid the houses of the pests and carriers of disease.

whistle "Ta Ra Ra Boom De Ay," didn't you?

William Randolph Hearst has sued the New York Times and other publications for \$700,000 for publishing Mayor Gaynor's slander of him at the associated press meeting. He now knows how Adolph Ochs, publisher of the New York Times, who sued Hearst for \$50,000, felt when the American called him August Belmont's "tame ox."

Lee O'Neill Browne, minority leader of the Illinois legislature, probably is right when he denounces Representative White as a boodler and a blackleg. But Browne was unfortunate in picking out a boodler and a blackleg for an intimate acquaintance. If Browne had been a little particular in picking his associates, or a trifle more discreet about writing letters, he would not now be accused of handling the boodler for the Lorimer campaign.

MAKING THE CITY ATTRACTIVE.

Every town has its historic sites, and Paducah is peculiarly blessed in this respect. Their proper markings attract the attention of the visitor, increase the pride of citizens and attach romantic interest to the city. It associates the name of Paducah with some incident of national history and accomplishes untold good. The park board is doing good work in this matter and should have the aid of the citizens in locating and marking other spots, besides those mentioned. Then each resident has a duty to perform in making his property just as attractive as possible, in connecting with sewers, in building sidewalks, in keeping his premises clean, in training his children not to throw things in the streets, in restraining himself from walking next to the buildings on Broadway and expectorating a streak of tobacco juice across the sidewalk. There are innumerable other little acts of public and private decency, the lack of which go to make up the sum of a community's filth.

THE ATTITUDE TOWARD THE RAILROADS.

Apparent failure of the traffic agreement clause of the railroad bill in the senate, is matter of regret. Some insurgents assume to treat railroads as though they were necessary evils of our present civilization, which, if they cannot be prohibited, should be pressed down like an abnormal physical growth in the hope that they may be eventually absorbed. Instead of great and useful factors in our civilization, which should be corrected as to any evil tendencies and developed to the fullest possible extent of their usefulness.

Those, who object to adopting modern methods of meeting and modern problems of business and transportation, should be consistent and seek a return to the day of the stage coach, the candle and the hand workmanship. They cannot have antiquated machinery of government to cope with modern questions.

The railroads have been manipulated by a vicious element of "high financiers," who have filled their own pockets with the profits of bliking investors on the stock exchange; but the railroads themselves, the great carrying lines, are not responsible for that, and the corrective law should be aimed at the men, who abuse the railroads, not at the railroads themselves. The bill, prepared under the direction of President Taft, planned to protect the issuing of stock, so that issues in excess of the value of the property could not be made. Such issues cheat the investing public, upset confidence, and put so heavy fixed charges on the lines, that they are not able to maintain their property and safeguard the lives of their employees and the public, by modern appliances and materials, double tracks and the abolition of the grade crossing.

In another way the railroads have been abused. Great shipping concerns have played one railroad against another and extorted rebates, and the law has prevented railroads entering into pooling agreements. If they could, they might fix an arbitrary rate, which would compel the big shippers to choose from among the competing lines at the same rates. It is true, that in some instances big shippers have held the balance of power in voting stock, and so secured advantages; but the Taft bill, providing that railroads could maintain rate agreements under proper surveillance, and regulation interstate commerce commission

The attitude of some of the antagonists of the president's bill is so remarkable that one of two conclusions is inevitable: either there is personal animosity toward some particular system, which has unfortunately engaged in state politics and fought the insurgents, or else, the insurgent is making his employment by big interests to fight the Taft policies under bitter incentive.

SELF-DEFENSE.

A Louisville father slew his own son!

In the jail he broke down and wept; he said he was sorry, but he shot in self-defense.

Who is suffering the most; the father in a cell with his conscience, or the boy in the quiet of his tomb? Here again is raised the crux of all human philosophy from the day of Job to the present time.

How different that hyphenated compound, "self-defense," looks from the inside of a jail!

It becomes the statement of an infinite equation with "self" separated from "defense" by a minus sign.

How far back does that excuse for homicide go? When did the defense become operative and available? Was it at the inception of the offensive movement against the defendant at the moment when his life was in jeopardy? Or shall we go back to those happy days when the slain was a prattling babe or a boy full of the joy of life? Can this father, left to his own thoughts between the brightness of the past and the horror of the shade beyond, see where he some time neglected his own opportunity and obligation to avert the possibility of the tragedy in which he became a principal, and realize that immutable justice has driven him to the alternative of destroying the Frankenstein of his own creation or be slain by it?

Self-defense! Defense of self!

That is the link that binds us to the brute creation.

"Am I my brother's keeper?" was the excuse wrung from the lips of primeval man almost upon the dawn of reason—his first intellectual accomplishment, the intelligible expression of the instinct of a beast!

A brother said that in the dim ages of recorded history; a father sets up the plea of self-defense in the twentieth century of a proud civilization.

The father defended himself successfully; he will be vindicated by the law; he is justified by modern procedure; he had a right to protect his life.

Yet, can there be success without measurable value? Is not vindication always rewarded? Does not justification always bear fruit in satisfaction? Can there be a right without its equivalent obligation?

What is the reward of his vindication? How great is the satisfaction of his justification? What obligation has he met that gave him this right to take a human life? There is something eternally lacking in self-defense.

Some Stories Around the Town.

An epistle that brought to mind his haphazard days came through this morning's mail to Sheriff Houser. It was a real love letter and evidently the fair writer or the postman has made a grievous mistake. It began "My dearest," and this almost took away the sheriff's breath. Recognizing the mistake after opening it, he decided to be game to the end and read every word. "Alice" was signed at the end of the four pages and the sugar coated words were plenty of amusement for Sheriff Houser. The letter was sent from Bloomingburg, Ind., and addressed precisely to "Mr. George Houser, Paducah, Ky."

"Now," said the sheriff, "it is a cliché that this isn't for me. On an upper left hand corner was the name of 'T. B. O. Houser, Bloomingburg, Ind.'" Sheriff Houser is deliberating at length as to the safety of returning the letter. "Alice," who ever she is, does understand the mushy language and writes it legibly.

O'NEAL CARRIES ALABAMA STATE

E. P. THOMAS ELECTED FOR LIEUTENANT-GOVERNOR.

Heavy Vote Registered at Prohibition Election Last Fall is Elapsed By 30 Per Cent.

HANKHEAD HAS CLOSE RACE

Montgomery, Ala., May 3.—Unofficial returns indicate that Emmett A. O'Neal, of Florence, and E. P. Thomas, of Eufaula, were nominated in a Democratic primary election by the Democrats of Alabama to be governor and lieutenant governor respectively, of the state. Not in recent years has there been such a long ballot, and despite returns may not be received until tomorrow, O'Neal's majority over H. S. D. Mallory, of Selma, will not run lower than 20,000. Indications are that Thomas defeated his opponent, W. D. Seed, of Tuscaloosa, by a majority even larger than that given to O'Neal.

Early returns indicate the nomination of the following:
Cyrus R. Brown, for secretary of state; C. B. Smith, for state auditor; R. C. Brickett, for attorney general; Henry J. Williamson, for superintendent of education; Reuben F. Kolb, for commissioner of agriculture; J. R. Dowdell, for chief justice of the supreme court; John C. Anderson and Ormond Somerville, for associate justices of the supreme court, and John H. Bankhead, for United States senator.

Contests in Doubt.
The contests for railroad commissioners and state treasurer are in doubt. Leon McCord is nominated, undoubtedly, with the second place between Max Hamberger, Frank Julian and S. P. Kennedy. For treasurer, John Puryear appears to be in the lead, with Wilkinson running strong.

The race in the Fifth congressional district, the only contested district in the state, seems to have been won by Congressman B. Thomas Heflin, although his opponent, Judge A. P. Driver, has polled a heavy vote.

Reports from Birmingham say Frank S. White, of Jefferson county, is running Senator Bankhead a very close race in that county, but reports from over the state indicate that the present senator is holding his own and will win by a safe plurality.

The prohibition election last fall brought out the heaviest vote since the adoption of the present legislation, and when the polls closed in Birmingham it was indicated that the city vote was fully 30 per cent heavier than in last fall's primary. It is not expected, however, that the gain will be kept up in the less populous counties of the state. As an indication of the gain in Birmingham, in the amendment election here were 723 votes cast at the court house box while in this primary the total was 1,069. Other city boxes show proportionate gains.

River Forecast.

The Ohio at Paducah will rise during the next 12 hours.

Today's Arrivals.

Ohio from Golconda.
John S. Hopkins from Evansville, Calumet from Metropolis.
John L. Lowry from Evansville, Clyde from Jopka.
Nashville from St. Louis.
Helen Blair from Davenport, Ia.
Trigg from Tennessee.

Today's Departures.

Dick Fowler for Cairo.
Ohio for Golconda.
Cowling for Metropolis.
Helen Blair for Nashville.
Hopkins for Evansville.
Lowry for Evansville.
Nashville for Nashville.
Sallito for Tennessee.

River and Weather.

The government gauge at 7 a. m. marked 16.5 feet, indicating a rise of three-tenths of a foot since yesterday. Weather cloudy and colder.

River Toppings.

Five hours behind time in her schedule the handsome excursion steamer Heiler Blair reached Paducah at midnight last night and left here at 6 o'clock this morning for Nashville. She is due back Sunday.

Her cabin was crowded with excursionists for a cruise to the southland. The Blair's library will make, all told, 550 miles down the Mississippi, 75 miles up the Ohio and 450 miles up the Cumberland. The round trip from Davenport to Collins, Tenn., will be 2150 miles.

The City of Sallito from St. Louis last evening for the Tennessee river. She should reach here early this evening on her way up.

The towboat Chancy Lamb came out of the Cumberland river last night with a tow of ties for Cairo. She is due back in a few days.

The John L. Lowry and John S. Hopkins were the Evansville packets today. Both packets enjoyed a good business.

The Nashville arrived from Nashville, Tenn., this afternoon and leaves for a return trip.

The J. H. Richardson will return tomorrow morning from Clarksville and leave at noon for Nashville.

From the Tennessee river the James N. Trigg arrived today and leaves tomorrow afternoon for Chattanooga.

Both the Ohio and Cowling did a good business today and were in and out on time.

The Dick Fowler left on time this morning for Cairo with a fair trip. The river was rough today and a north wind was chilly for the rivermen on account of the change in temperature.

The towboat Lydia left yesterday evening for the Tennessee to load ties.

Harbor No. 28 has received a complete and fresh report of the channel between St. Louis and New Orleans by the pilots of the government steamer "Mississippi." Capt. Harry Davis, representative of Harbor No. 28, at the last convention, has been elected third vice-president of the Grand Harbor of the American association of Masters and Pilots.

Capt. Will Kelly, secretary of the Mississippi and Ohio Rivers Pilots society announces that new boxes with locks have been placed at Cairo, Memphis, Vicksburg and other points for reports of the channels. All members will be furnished with keys and are expected to deposit reports.

FOR BOYS

THE CHURCHES MAY TAKE SOME ACTION SOON.

The Rev. D. C. Wright Discusses the Problem at the Pastors' Association.

At the regular meeting of the Paducah Pastors' association this morning at the Broadway Methodist church the subject of throwing the churches open every day in the week, which was taken up at the last meeting was continued. The Rev. D. C. Wright, rector of the Grace Episcopal church, discussed the problem and suggested the organization of an athletic association among the youths of the churches. He advised that one young man from each church be appointed, and let them all meet as a committee in a few weeks to take up the matter. The Episcopal and First Baptist churches have annex buildings that are open at all times, and it is up to the other churches to say what they will do.

The first of the out-door meetings of the association will be held next month at Wallace park and basket dinners will be served. The Rev. W. A. Fite, pastor of the First Christian church, will address the association at that time on the essentials of effecting preaching.

In Bankruptcy.

In the District Court of the United States for the Western District of Kentucky, in bankruptcy.

In the matter of Charles H. Crouch a bankrupt.

On the 2nd day of May, A. D. 1910, on considering the petition of the aforesaid bankrupt for discharge, filed on the 30th day of April, A. D. 1910, it is ordered by the Court that a hearing be had upon the same on the 14th day of May, A. D. 1910, before said Court, at Louisville, said District, at 10 o'clock in the forenoon, or as near thereto as practicable; and that notice thereof be published one time in The Paducah Sun, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Walter Evans, Judge of the said Court, and the seal thereof, at Paducah, in said District, on the 2nd day of May, A. D. 1910.

IN SOCIAL CIRCLES

Brantley-Rouse.
The marriage of Mrs. Druce Brantley of this city and the Rev. T. B. Rouse of Sedalia, is announced to take place on Wednesday afternoon at 3 o'clock, at the home of Mrs. Brantley, 1106 Madison street. The Rev. M. E. Dodd of the First Baptist church will officiate.

It will be a quiet home ceremony. The bride will wear a tailored coat suit of grey cloth, with hat, gloves and shoes to harmonize. The wedding march will be played by Mrs. Whit Lochridge of Mayfield.

The couple will leave immediately for Sedalia, and that night will start for the Southern Baptist convention at Baltimore, visiting Washington city, Norfolk, old Point Comfort and other cities while away.

Mrs. Brantley has a large circle of friends in Paducah, who will regret to lose her. She has made Paducah her home for a number of years, coming here from Wingo, Mr. Rouse is well-known in the county where he lived until three years ago, when he moved to Sedalia. He is a popular minister of the Baptist church and formerly a pastor at Lone Oak.

Out-of-town guests, who will attend the wedding are: Mr. and Mrs. Emerson, Osceola, Ark.; Mr. and Mrs. G. H. Slaughter, Wingo; Mr. and Mrs. W. A. Morse, Wingo; Mr. and Mrs. Whit Lochridge, Mayfield; Miss May Morris, Mayfield.

Tribute to Paducah Bride-Elect.
In quoting the announcement of the approaching marriage of Miss Blanche Hillis, of this city, to Mr. Saunders Almond, of Virginia, the Jackson (Tenn.) Daily Sun says:

"Miss Hillis has been a frequent and very popular visitor to our city and the announcement of her approaching marriage will be read with interest here."

Features of State Federation Program.

The program of the meeting of the Kentucky Federation of Women's clubs, which will be held here in May is one that will be of interest not only to the club women, but to the public at large, and the subjects to be discussed are live topics of the day that will assist in the social, civic and educational betterment of Kentucky.

Prominent men and women from other states as well as Kentucky will be here and give splendid talks, and all who attend these meetings are sure to gain a more intimate knowledge of the aims and ambitions of the Women's club movement.

The first day of the movement will be given over to the ex-presidents, each telling of the principal feature work during her regime.

The ex-presidents who will address the convention are:

Mrs. Jere H. Norton, of Lexington; Mrs. Cornelia O. Hainsford, of Harrodsburg; Miss Anna Jackson Hamilton, of Louisville; Mrs. A. M. Harrison, of Lexington; Mrs. George C. Avery, of Louisville; Mrs. Charles P. Weaver, of Louisville, and Mrs. Letcher Baker, of Harrodsburg.

The sessions during the day will be business meetings and reading of reports, which will tell of the work accomplished since the last convention, and discussion of plans for new work for the ensuing year.

At the night meetings special talks will be made and some of the speakers will be Prof. Patterson, who lectured here several months ago, on the "City Beautiful." Prof. Patterson will give a synopsis of his trip through Kentucky, and describe the civic conditions and tell how they may be improved.

Other interesting talks will be given by Miss Breed, of Louisville, on Educational Conditions in the county schools. Mrs. Lafon Rickett of the City Beautiful, Mrs. Simpson, of Lexington, on Literature, and a number of others.

A musical program will be given by some of Frankfort's singers, than whom there are none better to be found anywhere, and many social features will relieve the deadly monotony of the business sessions.—Kentucky State Journal, Frankfort.

IT SAVED HER LIFE

Palms All Through Body and a Dry, Hacking Cough Worried Mrs. Winters Until She Took Cardui.

East Jordan, Mich.—"I had a dry, hacking cough, and suffered dreadful pains all through my body," writes Mrs. M. D. Winters, of this place, "I went to a good doctor, but his medicine did me no good. I kept getting worse, until I could hardly get from one room to the other. I lost 12 pounds in less than 3 weeks."

I had heard of Cardui, so I got one bottle. Before I had taken it all, I was feeling better and my cough was gone. I am satisfied that it saved my life. I can't praise Cardui enough, for what it has done for me."

Don't worry about symptoms. What you need is strength, and Cardui helps you get that. The benefit obtained is not confined to any part of the body. Cardui acts on the womanly organs and helps the system to regain its normal health in a natural way.

You can rely on Cardui. It has a record of over 50 years successful use to recommend it.

Have you tried it? It may be just what you need.

If you are a woman, take Cardui, the Woman's Tonic.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

5 o'clock at the Woman's club building. The leader for the afternoon is Miss Anne Bradshaw. A delightful "Oratorio Recital" program will be featured as follows:

1. Two-part Chorus, "I Waited for the Lord," from "Hymn of Praise" (Mendelssohn)—Miss Leiba Puryear, Mrs. Krug, Miss Anne Bradshaw, Mrs. Hart, Accompanist, Miss Puryear.

2. "Lift Thine Eyes to the Mountains," from "Elijah" (Mendelssohn)—Mrs. Brooks, Mrs. Gray, Mrs. Hart, Accompanist, Miss Reed.

3. "He Shall Abide," from "The Messiah" (Handel)—Mr. Emmett Hagby, Accompanist, Miss Brazelton.

4. Recitative and solo from "The Creation"—Miss Anne Bradshaw, Accompanist, Miss Reed.

5. Aria from "The Seasons"—Mrs. Lewis, Accompanist, Miss Puryear.

6. Recitative and Aria, "Oh, Thou, Who Tearest Good Things to Zions," from "The Messiah" (Handel)—Mrs. Weller, Accompanist, Miss Brazelton.

U. D. C. Chapter.

Paducah chapter, U. D. C., meets at the Woman's club this afternoon. Mrs. Andrew Campbell, Miss Julia Scott and Mrs. John Brooks are the hostesses. The program will discuss the succession of Arkansas and North Carolina. The musical feature is "Old Black Joe."

In Honor of Paducah Girl.
In honor of Miss Mary H. Jennings, who is visiting Miss Bauer, of Los Angeles, a box party was given recently. The Los Angeles Examiner says: "A theater party was given last night at the performance of 'The Garden of Lies' by Mr. Ralph Cobb, in honor of Miss Mary H. Jennings, of Paducah, Ky., who is the charming visitor of Miss Mary Bauer. In the party were: Misses Mary B. Jennings, of Paducah, Mayne Bauer, Ida Bradley, Tillie Bauer and Messrs. Ralph Hayes, Ed. Bruce Hill and Ralph Cobb."

Dr. and Mrs. H. W. Burwell left last night for Chicago to attend the Laymen's Missionary congress.

Mrs. W. J. Hillis and Miss Blanche Hillis left last evening for Chicago.

Miss Josephine Cain, who has been visiting Miss Radio Paxton, returned to her home in St. Louis this morning.

Mrs. H. W. Buchanan, of Dulany, who has been the guest of her parents, the Rev. and Mrs. J. W. Naylor, at Lone Oak, has returned home.

Mr. C. Young, local representative of the Paducah Traction company, returned last night from a ten day's visit in Mobile, Birmingham and Atlanta, where he spent his vacation.

Mrs. Hubbard S. Wells will leave Wednesday night to attend the May Musical Festival at Cincinnati this week. She will remain for the Biennial, which convenes the following week, and to which she is a delegate from the Matinee Musical club.

Mr. O. B. Stark left yesterday for Philoa to resume his work of taking the census of the manufacturing plants in western Kentucky.

Mr. M. A. Edlen, of Beaton, was in the city today on business.

Mrs. Rosa Mallory Johnson will leave Thursday for Oxford and Bardonia, Missa, where she will visit friends before going to Inks Springs, Missa, to spend the summer.

Mrs. J. L. Dunn, of Clay street, has returned from an extended visit in Tennessee, Arkansas and Missouri.

Mr. Charles Bright and family have moved to Paducah from Mayfield.

Mr. Matt Carney will return to Chicago tonight after spending several days in the city on business. Mr. Carney came to Paducah to inaugurate the summer vaudeville season at the Kentucky theater.

Mr. E. A. Strow, of Benton, arrived in the city last night on business.

Mr. and Mrs. W. H. Slaughter and daughter, Miss Lucy Slaughter,

COLD AND SNOW WILL COME AND GO

But Rock's Pumps Will Go on Best Dressers Forever

GEO. ROCK SHOE CO.

321 Broadway.

cal and have rooms at the Soule home, 513 North Fifth street.

Mr. Joe Wilson, son of Councilman Robert Wilson, has gone to Dawson Springs for a week for the benefit of his health.

Mrs. Grace Phelps and daughter, Virginia, of Chicago, are visiting Mrs. Phelps' mother, Mrs. Carrie Jones, 920 South Fifth street.

Mrs. T. A. Downs returned last night from Terre Haute, Ind., after a two weeks' visit to relatives and friends.

Mr. and Mrs. George B. Willow have returned from Excelsior Springs, Mo., where they have been on a visit to relatives.

Miss Lola Lancaster has returned to her home in Mayfield after a visit to Miss Mattie Smith, of South Sixteenth street.

Mr. Maurice Nash, of Greenville, Missa, is visiting his parents, Mr. and Mrs. M. H. Nash, 830 Jefferson street.

Mrs. W. P. Lloyd has gone to Little Rock, Ark., to meet her husband, Mr. W. P. Lloyd, who has accepted a position in Little Rock.

Captain and Mrs. Harrison Watts have returned from Mobile, Ala., after attending the Confederate reunion.

Mrs. N. Bryant, of Fountain avenue, has returned from a visit in Louisville.

"OLD LIVINGSTON" STOCK IS COPYRIGHTED LIQUOR.

A decision has been handed down from the United States circuit court at Cincinnati in the case of the Century Liquor company against Mr. Livingston and company, of Paducah, permanently enjoining the local firm from using the name "Old Livingston" as a brand for their whiskey and reversing the United States district court at Memphis, which decided in favor of the defendant two years ago. "Old Livingston" was a brand copyrighted by the Century Liquor company, of Memphis, and when Livingston and company came out with a similar brand of whiskey the Century company filed suit to prevent infringement on the copyright. Livingston put up the defense that "Livingston" was a family name and could not be copyrighted. Attorney Hal S. Carbett, of Paducah, represented Livingston & company.

AUGED MAN WANDERS AWAY FROM HIS HOME AT MURRAY.

In an effort to catch her aged father, who wandered away from home in a delirious state yesterday evening, Mrs. Nannie Clark, of Murray, telephoned Chief of Police Singler about 8 o'clock last night. Mrs. Clark was of the opinion that her father had boarded the N. C. & St. L. Train to Paducah, and Patrolmen Rickman and Beavers were stationed at the N. C. depot and Patrolman Vick at Union station. They searched the coaches when the train arrived but no trace of the man was found. Her father is Charles Humphries, who is 65 years old. It is presumed he took a cut through the woods and is in danger on account of exposure.

TWO ARE HELD OVER TODAY IN CITY POLICE COURT.

Two negroes were held over to the circuit grand jury in police court this morning with their bonds at \$100 each. "Texas," charged with stealing a bicycle belonging to the S. E. Mitchell Bicycle shops was given an examining trial and bound over. James Howard, charged with stealing an overcoat and dress coat from L. P. Trantham was arrested by Patrolman Gilliam at Union station last night. Other cases this morning were: Carrying concealed a deadly weapon—Ed Senner, fined \$25 and sentenced to 10 days in the county jail, appeal prayed for and granted. Breach of peace—Jake and Edna Harna, case left open; Walter Butler, fined \$20; T. Mack, fined \$10.

Miss McNichols, Kentucky's Sponsor. Among the pictures of the numerous pretty sponsors and aids of honor at the Confederate reunion last week in Mobile, Ala., in the Mobile Item was the picture of Miss Mabel Clair McNichols, of Paducah, who was sponsor for the Kentucky division of the United Confederate veterans.

Miss McNichols is one of Paducah's prettiest girls, and she has received notable mention as a typical Kentucky beauty.

RESOLUTIONS.

Member Hannan, of the board of
Councilmen, offered the following
resolution:

It appearing that the following
proposed work is a necessity and is
desired by the property owners,
therefore be it resolved, that the fol-
lowing work be done under the ten-
year payment plan, the improvement
of the following sidewalks, curbs and
gutters, Tenth street from Broadway
to Trimble; Eleventh street from Jeffer-
son street to Trimble; Thirteenth
street from Jefferson to Trimble;
Fourteenth street from Broadway to
Trimble; Sixteenth street from
Broadway to Trimble; Monroe street
from Twelfth to Seventeenth; Mad-
ison from Eleventh to Seventeenth;
Harrison from Eighth to Seventeenth.

Paducah, Ky., April 4, 1910.

Member Farley, of the board of

Aldermen, offered the following res-
olution:

It appearing that the following
proposed work is a necessity and is
desired by the property owners ef-
fected, therefore be it resolved that
the following work be authorized un-
der the "ten-year" payment plan,
to-wit:

The improvement of the following
streets by laying sidewalks and curb
and gutters: Clements street from
Meyers to Bridge; Ashbrook from
Yelver to Sowell avenue, from Sowell

oil avenue to Bridge street; Hays
avenue from Yelver avenue to Sowell
avenue and from Sowell avenue to
Bridge street; Sowell avenue from
Ashbrook avenue to Hays avenue,
Yelver avenue from Clements street
to Hays avenue; Bridge street from
Clements street to Hays avenue;
Powell street from Clements to Hays
avenue. Said improvements to be six
feet wide with granite curb and con-
crete gutter.

For the improvement of the fol-
lowing streets by grading and gravel-
ing, to-wit: Yelver avenue from Ash-
brook avenue to Hays avenue; Pow-
ell street from Jarrett to I. C. R. R.;
Sowell avenue from Hays to I. C. R.
R.; Thurman street from Sowell ave-
nue to Powell street; Ashcraft ave-
nue from Sowell avenue to Powell
avenue. Material to be used the
usual kind of gravel used by the city.

Home Course In Live Stock Farming

IX.—Care and Feed of the Dairy Cow.

By C. V. GREGORY,
Author of "Home Course In Modern
Agriculture," "Making Money on
the Farm," Etc.

Copyright, 1906, by American Press Association.

THE dairy barn may be either
part of the general farm barn
or a separate building. In the
former case the part of the
barn where the cows are kept should
be partitioned off from the rest to keep
out dirt and odors. There should be
plenty of light. An occasional coat of
whitewash will make the barn lighter
and cleaner. Where there are two par-
allel rows of cows they should face
outward. In this way the manure will
be kept at the center of the barn in-
stead of being splashed along the

FIG. XVI.—MAKING CEMENT MANURE.

slides. The cows can be ran in and out
handler and be milked more conven-
iently. The manure can be easily
cleaned out with a wheelbarrow or an
overhead litter carrier. The floor
should preferably be made of cement,
with fairly deep, wide gutters of the
same material. Plenty of bedding
should be used to soak up the liquid
manure.

O. K. ENROLLMENT COM.

By Charles Harlan, Chairman.

first milking period. If they are al-
lowed to go dry after five months or
so they will never prove profitable
dairy animals. It is the cow that
keeps up a good milk flow ten or
eleven months of the year that adds
to the dairyman's profits.

Kindness is an essential point in
handling dairy cows. Any unneces-
sary roughness causes the cow to hold
up her milk and reduces the profits.

Feeding.

For three days before and three days
after calving there is no better ration
for the dairy cow than a mash of two
pounds of bran and one pound of oil
meal, fed twice a day. Do not be in
too big a hurry to get the cows on
full feed after calving. The ration
should be increased gradually and
slowly from five to six pounds daily
to all the cows can profitably use. An
increase of half a pound every alter-
nate day is sufficient. This increase
should be kept up as long as the milk
flow continues to get larger. When
the point is reached where increases in
feed do not produce corresponding in-
creases in milk flow the feed should
be gradually decreased again. The
first few pounds decrease will not af-
fect the milk flow. When the point
is reached where a further decrease in
feed causes a lessened milk flow the
most profitable ration for that particu-
lar cow has been determined. It
takes a little extra work to do this
weighing, but after the best sized ra-
tion for each cow has been determined
the approximately correct amount can
be measured out each time with little
trouble. It pays to feed the cow all
she can use profitably. It costs just so
much to keep her anyway, and all
the feed that she can use to ad-
vantage over that amount adds to the
profits.

During the summer the feeding prob-
lem is a simple one. With plenty of
good pasture, supplemented in dry
times by some forage crop and some
sort of protection from flies, the milk
flow will be kept up to a profitable
standard. In the absence of forage
crops silage can be profitably substi-
tuted.

It is in winter that the highest prices
for dairy products are secured, and if
the cows freshen in the fall the main
part of the year's product will come at
this season. The problem of winter
feeding is one of the most important
with which the dairyman has to deal.
If you have plenty of good clover or
alfalfa hay and silage the problem is
more than half solved. From thirty to
forty-five pounds of silage and ten to
twenty pounds of clover hay a day
will make up the bulk of the roughage
needed. A rack in the yard filled with
corn fodder or oat straw will add vari-
ety to the ration. Where silage can-
not be obtained a plentiful supply of
pumpkins, squashes, turnips or man-
gels should be at hand to supply the
succulent part of the ration. Without
some such feed the cows will not do
their best.

Mixing the Rations.
Although dairy cows can handle
large amounts of rough feed, they
need considerable grain in addition
during the winter. Corn, because of
its cheapness and high feeding value,
will generally form the basis of the
grain ration. Because of its high
percentage of carbohydrates and fat
some feed rich in protein should be
fed with the corn. Oats are good, but
they have only enough protein to

Ventilation.

Provision for some sort of ventila-
tion should be made. The plan of hav-
ing the windows placed high and so
arranged that they swing in at the top
provides good ventilation, especially if
there are windows on both sides. Tri-
angular pieces of board at the sides of
the windows prevent drafts and cause
the air to be forced upward toward the
ceiling, where it is distributed all over
the room. The King system of ventila-
tion works well where the barn is
light. Flues for impure air open at
the floors and extend up to cupolas in
the roof. The pure air flues open near
the ground outside and at the top of
the room inside. This secures a con-
stant circulation of air without drafts.

Round trip to Evansville and return\$1.00

Special inducements to parties of five and over. Service unexcelled. For information and reservations see or telephone to S. A. Fowler, General Agent. Both phones No. 33.

SCALPING AFFAIR IN CHICAGO PIT

WHEAT MARKET RISES AND FALLS LIKE MERCURY.

Reports of Damage To Crops Gets Bulls Busy—Corn Starts Risk But Closes Weak.

PROVISIONS SOMEWHAT OFF.

Chicago, May 3.—The wheat market last week was a scalping affair, with a tendency downward up to Friday's session, when some excellent campaigning on the part of the bulls, together with an avalanche of crop damage reports, made the trade quickly forget very bearish foreign news and the lack of cash demand. Every section of the west and southwest that could produce any crop damage news reported at headquarters of the bull leaders with their compliments.

Active Bull Incentives.

Hot weather and high winds west of the Missouri river, chinch bugs in Kansas and Hessian fly and chinch bugs in Missouri and Illinois were the active bull incentives thrown out to the public. Attention was called also to the fact that the cotton market was higher and the stock and money markets not so strained as the bears had claimed previously. Trade sentiment in general was far more favorable to the buying side. Complaints were so numerous that most buyers went on the theory that where there was so much smoke there must be a little fire. Leading southwest speculators bought heavily here, making the damage reports all the more effective. Some very large local and eastern shorts covered and the northwest bought considerable wheat in this market. The big buying of the session, however, was principally for the leading local longs. The combined buying was sufficient to absorb all floating offerings, tighten up the market considerably and force a large number of shorts to cover.

Crop Damage Reports.

The crop damage reports which started pouring in at the end of the week caused the most serious crop scare that the trade has seen in some weeks. Although most of the reports of damage reported came from sections previously reported as seriously impaired, there was enough new territory to stir up the trade somewhat. About every bull in the west apparently sent in his quota of crop news. The whole was intelligently handled here by the bull leaders, who also backed up the reports by buying freely in the open market. A report from crop expert John Francis, covering the counties previously reported badly damaged in Missouri, added that plowing up of wheat fields was still under way. This, along with the Modern Miller reports that soft winter wheat condition was deteriorating, gave much force and effect to private reports. The appearance of rains in North Dakota shut off a rising flood of dry weather reports from the northwest.

Showed Weakness At Start.

The market started the week with an undertone of weakness and uncertainty. Prices were forced fractionally higher on Monday by buying by nervous local traders who were influenced by higher cables and cold weather in the winter wheat belt. On Tuesday a slump at Duluth which put May wheat at that point 1 1/2 cents under Chicago caused serious fear the Duluth wheat would be brought here for delivery on May contracts. The weakness of cash wheat and the increase in the desire of owners to unload it were other elements of weakness. Another feature was the multiplicity of evidence that the recent freeze had inflicted no damage to the crop. The Texas Grain Dealer's association estimated that Texas would raise anywhere from 20,000,000 to 25,000,000 bushels of wheat this year, as against 5,000,000 bushels the final official yield last year.

Becomes Strong Wednesday.

There was a rapid change from an extremely weak market on Wednesday to a decidedly strong one at the close in the afternoon. Short selling was vastly overdone on an early slump, a large proportion of the offerings being absorbed by strong interests at the lower level and there was a general stampede to cover at the last. The main influence prevailing at the outset was the continued weakness of cash wheat, both at home and abroad. Later northwest centers bought freely here. The late development, on which the market made its start upward consisted chiefly of bad reports from Nebraska, the Kansas prestate report, showing a large abandonment of acreage and private claims of damage.

Intensely Bearish Thursday.

On Thursday speculative senti-

TIME TO TRY POSLAM.

New Healing Agent Promptly Disposes of Every Skin Affection.

The time to try poslam for eczema or any skin trouble is before experimenting with anything else. Then, too, it is the least expensive way, because poslam will do the work, making treatment by other means unnecessary. But no matter how many different things have failed, poslam should yet be used, for its healing properties are assured even in the most aggravated cases. All doubt as to its action is removed in the promptness with which it begins its work, stopping the itching with very first application. Eczema, acne, tetter, said rheum, psoriasis, barber's and every other form of itch yield to it readily and are permanently eradicated.

In less serious skin affections, such as pimples, rash, herpes, blackheads, inflamed skin, etc., results show over night, only a small quantity being required. For minor troubles a special 50-cent package is prepared, and this, as well as the regular \$2 jar, may be obtained at Gilbert's and R. W. Walker & Co.'s, also other good drug stores.

Samples for trial purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

ment was intensely bearish, but traders were nervous and quick to follow any decided movement of the market in either direction. There were increasing reports of Hessian fly in Kansas. Fairly liberal selling of May at one time that was credited us for the account of Waterman, the Albany miller, materially weakened the entire list. It was assumed that the present leading owner of most of the cash wheat in Chicago was unwilling to take chances on further deliveries being made in him this month. The selling which precipitated this decline was headed by the Armour Grain company.

Gains All Lost Ground.

With the renewal of the crop damage reports on Friday the market regained all the ground lost earlier in the week. July and September closing 1/4 cent higher than a week ago, while May was 1 1/4 cents lower.

A considerable decrease in farmers' marketings has been noticeable during the last week. The resumption of holding tactics on the part of the producers, however, while welcome to a good part of the trade, comes a little too late in the crop year to be of lasting value. The last crop was altogether too large to admit of a damping up of the movement to an extent that would prevent what has happened—the ultimate filling up of all domestic buyers and the piling up of supplies in various positions. The reserves are now ample in all directions, although not large enough to appear burdensome at any point.

Plenty of Wheat On Hand.

At the end of the crop year the trade finds plenty of wheat everywhere, a burdensome supply of flour at all centers and even at many interior mills with the season near at hand, when buyers are usually holding off for new crop wheat. The situation is in marked contrast with that of a year ago, when wheat was as scarce as it is now plentiful. With only nine weeks of the old crop years remaining and every prospect of an early harvest, of winter wheat, about as great competition among buyers of wheat and flour, although, of course, the consumption of each is going on steadily as usual.

Corn Closes Weak.

Corn started this week with stiff advance on fears of damage by freezing. That grain lost all the ground it had gained, however, when miscellaneous longs began to liquidate later. Its weakening effect on the market was emphasized by pit speculators and others who sold freely. The weather is now fine for completion of planting, and a part of the trade, at least, expects an increase in receipts after the planting season is ended.

Corn supplies are ample in all directions, and particularly so in the hands of producers. A larger proportion than usual of corn ground

Eczema Curable Proof Now at 25c.

It is usually very costly to consult a specialist in any disease, but for 25 cents, on a special offer, we can now give to those suffering from eczema or any form of skin disease absolutely instant relief, with prospect of an early cure.

A special trial size bottle of oil of wintergreen, thymol and glycerine, etc., as compounded in the Chicago Laboratories of the D. D. D. company may be had in our store on this special 25 cent offer. This one bottle will convince you—we know it—we vouch for it.

Ten years of success with this mild, soothing wash, D. D. D. Prescription, has convinced us, and we hope you will accept the special 25 cent offer on D. D. D. Prescription so that you also will be convinced. R. W. Walker Company.

SELLING OUT SALE OF FINE MILLINERY

Commencing at once, we are offering millinery values without a parallel in Paducah, in anticipation of our early retirement from the business. Meantime, you have

CHOICE OF ENTIRE STOCK AT COST

Trimmed Hats, Untrimmed Shapes and beautiful Pattern Hats are included, as well as the choice stock of ribbons and other trimmings. This is a remarkable opportunity for those who appreciate big values for little money.

has already been prepared for planting and present chances of delayed seeding this year are, therefore, remote. Prices declined 1/4 to 3/4 cent for the week.

Advices from the leading oats producing states indicated that the crop had not been hurt by the recent

freeze. The result was free and general unloading of longs. May oats lost 1 1/4 cents for the week. July declined 1/2 cents and September delivery was 1/4 cent lower.

In the estimation of provision specialists that market has been very disappointing. The covering of 5,000,000 pounds of product put out

at higher levels by the Cudahy's helped the market a little Tuesday and Wednesday, but values gave way after this buying had been finished.

The demand for cash meats is said to be very poor. The packers are, therefore, made independent about

buying hogs, despite the fact that receipts of the latter are running very much lighter at all centers than they were last year.

ECZEMA—A GERM DISEASE CAN NOW BE CURED.

The Medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment, has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by ZEMO is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Gilbert's drug store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

Burial of An Aunt.

Mr. and Mrs. Gus Schaeffer and children left early this morning for New Albany, Ind., where they were called to attend the funeral of Mr. Schaeffer's aunt, Mrs. Herman Schaeffer, who died Sunday.

COMMANDER JULIUS A. PHATT POST NO. 113 DEPT. III.

G. A. R.

Mr. Isaac Cook, commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity."—Gilbert's Drug Store.

La France

SHOE for WOMEN

Have You Seen the Latest?

STYLE 5569
PRINCESS 2 BAR
PARAMOUNT
PATENT KID

The La France Flexible Welt is the stylish and comfortable shoe that requires no breaking in.

This handsome, shapely shoe is sure to please the woman of discriminating taste. For summer comfort, style and beauty it cannot be surpassed. Note the low pump effect and the double straps, which add style to the shoe and prevent slipping at the heel. A charming creation, full of grace and beauty.

Other designs, just as handsome, in every leather, and for all occasions. A pleasure to show them.

HARBOUR'S DEPARTMENT STORE
